> Dimension: 1/2" x 8-1/4" x 86-5/8" | Top layer: approx. 2.5mm | Moulding products available. | Underlayment required during installation.

Oak Gunstock

Carefully selected Oak veneers which are then stained to give a warm and consistent color. Factory finished with hard wearing UV Cured Urethane Finish.

Oak Gunstock

The strong presence of beauty that is natural warm and inviting

Oak Cocoa

Carefully selected Oak veneers which have been boldly stained to give a deep rich chocolate brown color, accentuated with exclusive furniture.

Oak Cocoa

Oak American

Bringing a prestigious look and feel to Oak veneers specifically selected and mixed to give a lively looking floor that fits a more informal atmosphere whether in the city or countryside.

Oak American

Oak Metropole

Bringing a prestigious look and feel to any home or office with Oak Nature veneers specially selected and factory finished with UV Cured Urethane Finish.

Oak Metropole

SURFACES

UV Cured Urethane Finish

Very hard-wearing factory-applied silk finish considerably reduces the care requirements and increases the durability of the floor. The surface is cured by UV light and does not emit any dangerous chemicals or gases.

RAPID LOCKING TECHNOLOGY

Take advantage of the manufacturer's proprietary locking system on the short ends of the boards.

- › A quicker and easier way to install single boards without tools
- › Significantly reduces installation time
- › The clear Clic sound lets you know when installation is complete
- › Also suitable for full-surface gluing onto the sub-floor

The long side of the board has a regular Clic system

ENVIRONMENTAL PRINCIPLES

CERTIFICATES

Across the globe, *the Forest Stewardship Council, FSC™*, promotes an approach to forest management that is environmentally appropriate, socially beneficial and economically viable. We have a chain-of-custody system in accordance with the standards of the FSC™ and are able to supply FSC™-certified products. FSC™ – The mark of responsible forestry.

The SmartWood program established by *the Rainforest Alliance* makes high demands on purchasers, manufacturers and land owners in order to achieve a sustainable approach to forest management worldwide.

The Real Wood logo is administered exclusively by authorized manufacturers belonging to the European Federation of the Parquet Industry (FEP). The decision in favor of real wood owes ecological benefits. To manufacture, work and store wood one need considerably less energy than for other materials.

The *conformity mark* guarantees high standards of structural quality by testing and certifying construction materials in respect of their technical, ecological and health-related properties.

Products with the *Der blaue Engel* (Blue Angel) seal of quality contain very low levels of emissions in order to ensure a healthy indoor climate.

MAINTENANCE

Clean the floor regularly with Bona Hardwood Floor Cleaner or Basic Coatings Squeaky™ Commercial Floor Cleaner. Do not use waxes, oils, oil soaps, or petroleum-based cleaners under any circumstances.

3-Strip flooring comes with a 25 year residential warranty, as standard for all domestic installations.
